Sustainable Collecting

Sustainable collecting and accessibility (easily reached and/or used) are informed by the following goals:

- Current backlog of inaccessible collections will be considered when acquiring new materials.

 - Are duplicates of material already represented in the collection
 - Are widely available elsewhere
 - Are better suited for other collecting institutions
 - Represent a safety concern to staff or collections
 - Local History and Genealogy is unable to properly preserve the material.

Current circulation policies will apply to these items. These same items are also available to be loaned to other libraries through the Interlibrary Loan procedure. Exceptions to this may in rare cases be granted by the department manager.
